Ideal for multi-location teams

Track your team's progress online

Companies with high team engagement are proven to be more profitable. Fostering an employee's engagement is a continuous process. This process is made more difficult when your teams work in multiple locations, far removed from head office. Lasting change can only happen in an organization when your entire team feels a sense of ownership and engagement in the process.

Understanding the ownership principle provided the inspiration for the first phase of the RHBnation Continual Learning program - the RHB eCourse.

For more information about RHB eCourse please contact us at [1-416-209-1503](tel:1-416-209-1503) or [ecourse@realhumanbeing.com](mailto:ecourse@realhumanbeing.com)

The RHB eCourse is an online, on-demand e-learning program designed to be convenient and engaging. Used independently or in cooperation with RHB facilitated seminars, eCourse will ensure all employees get a chance to experience the RHB program first hand.

Our eCourse may be customized and provides the monitoring tools you need to track employee's progress and engagement.

**Achieve it!**
